

NOVEMBER 2016

SPECIAL REPORT ON

Construction Law and the Industry

The November issue of the Florida Construction News will be covering construction law in a special profile. The feature, produced in cooperation with the Construction Law Section of local Bar Association, will address issues and topics including contracts, liability, employees, unions, bonding, liens, tendering, construction claims, and related consultancy contracts. Construction law affects many participants in the construction industry, including financial institutions, surveyors, architects, builders, engineers, construction workers, and planners.

We will be looking to profile different firms from across the state, as well as lawyers who are working closely with industry leaders, and to share their insights on changes to liability on projects for owners and contractors, right down to the trades who complete very specific tasks.

Also included in our report is a special section recognizing Top 40 Under 40 Construction Lawyers from across Florida. You can nominate an employee, client or industry professional by sending an email to chase@cnrgp.com

HOW YOU CAN PARTICIPATE

Editorial participation and contributions

We welcome your submission of news releases, article ideas, and availability for interviews.

Special profiles

If you advertise 1/4 page or more, we'll include editorial coverage on your firm, tailoring a message to showcase you to the industry.

Advertising

Select the size you wish and either provide camera-ready artwork, or we'll design the ad for you at no extra charge.

DISTRIBUTION

The Florida Construction News printed and online editions reach more than 9,000 readers across the state, including developers, contractors, construction associations, government and industry executives and the enhanced online editions reaches 25,000 more readers with our other US publications in New York, Chicago and North Carolina.
